

::: GUEST PATTERN :::

1. Wool felt - in two colours. White felt for the inside of the clam shell and your choice of another colour for the outside of the clam shell.

2. 100% wool stuffing - allow about 20-30 grams for one clam shell

3. Embroidery cotton/floss - in a colour to match or contrast with your coloured felt. You will also need some thread to attach the pearl or bead.

4. Sewing needles - Quilt basting needles are my favourites, (these are very long thin sharp needles but many types of needle will work for this project.

5. Scissors, pins, chopstick for stuffing.

6. Pearl - a real or pearl 'bead' to finish off your clam shell.

About ...

A beautiful clam shell to adorn your summer nature table, for childhood imaginative play or the perfect storytelling prop. A simple project suitable for beginners and a great way to practice the basics of blanket stitching and stuffing wool felt toys.

Meet our Guest Contributor...

Yuki Tomishima

"I was born in Japan and grew up in several small towns where I was surrounded by nature and fell in love with the patterns and colours. I didn't have any education in art however I was inspired by the beauty of the world and the changing colours by season, the babbling of the stream and the scent of the soil after rain. My grandmother was a Kimono maker and my mother was a potter who showed me gratitude and joy for creation which inspires my work. Through my five children's Waldorf education, I discovered the joy of creating for someone."
